

***Braiding Time, Memory and Water***  
**Tanyard Creek Park**

**ACCESSIBILITY**

This performance takes place in a forested park along the Northside Beltline Trail. While the greenspace where the performance takes place has natural terrain, it can be viewed from the BeltLine Trail, which is paved.

The performance site can be accessed from two locations, both are paved and wheelchair friendly but on a steep grade in some areas.

- Walthall Drive – There is an accessible curb cut [here](#) along Walthall Drive.
- An alternative BeltLine path leads from Ardmore Road [here](#). Follow the path past the Ardmore playground (closed for construction). When you reach the main trail, turn right. The project site is about 7 minutes away.
- Parking is along the street with no designated ADA areas.

During the performance dancers and musicians will move to several different locations. Attendees should be prepared to move with them. Ample time is provided for each move.

*With questions, please call (404) 245-5853.*
